Editorial WJH.

THANK YOU A.G.T.

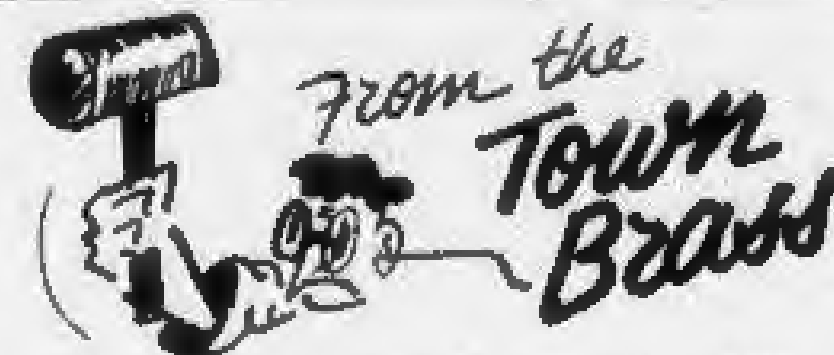

We didn't intend to write again about "The Telephone Book", but after numerous calls from citizens, we cannot stay silent. The new telephone book came out printed in a way that we had already predicted in our editorials. It was not a surprise to us because we knew the background of this A.G.T. action. St. Albert citizens and businessmen subscribers have not only vanished in this "Edmonton" telephone book, but the identity of our town is completely lost. Somebody tried to phone a Mrs. Smith in St. Albert. He didn't know the initial so had to go through all the Smith's in this "Edmonton" book to find her. This is not only impractical, but also could create a serious situation if the Smith's or Jones' happened to be a doctor or minister.

But what we certainly dislike and what is really unfair, is the fact that on each page, Edmonton is printed in big letters. (We warned in one of our editorials that this would happen.) Why are not the other four towns names printed at the top of each page, to at least honour their independance! In this "Edmonton" book, there is space enough on each page to explain the Ga., Ho., Ca., etc. In the eyes of the A.G.T., this is more important than to mention the name of the oldest town in Alberta, St. Albert. We do not deserve such treatment and it will not be forgotten by our citizens.

We lost our telephone identity completely! Government powers decided this was the best for us. Old telephone books are now very popular in St. Albert. Many citizens are using those old books because they are much handier and bring all our citizen-subscribers together as a unit.

We regret it, but in our opinion this "Edmonton" book will be the first step towards amalgamation with Edmonton. We would like to remind everyone that we have warned our citizens several times that this serious undemocratic action can cost St. Albert's independence, which was not the meaning of all those newcomers who came here to live in order to get away from the city.

CAPITAL PUNISHMENT AT OUR SEPARATE SCHOOLS

Council Meeting, Monday March 25th.

The minutes of the previous meeting were read and passed.

School Site, Grandin Park Letters to the Council from the Recreation Board, Separate School Board and the Department of Public Works were read, all regarding the use of parkland for a school, to be located on the north side of the parkland alongside Grosvenor Blvd. The letters brought varied views, some in favour and some not in favour. At the moment the Council doesn't have a copy of the agreement between the Separate School Board and the Board of Administrators, and Mr. Billings was asked if he had found anything regarding this matter in the minutes of the Board of Administration meetings. The Secretary-Treasurer answered that they couldn't find anything. Council approved the allocation of the school site marked on a map, in agreement with the Edmonton District Planning Commission, which map will be sent to the Department of Public Works for their study.

Classification Map, Town of St. Albert Mr. Woodruff, of the Edmonton District Planning Commission, attended the meeting and introduced the new classification map of the Town of St. Albert. After some discussion and a resolution by Councillor Montpetit, the map was accepted by Council.

Office for School Boards in Town Hall Councillor DeBruijn has had a meeting with the Separate School Board and brought the views of the board regarding office space, to the Council. Council could not make any definite decision yet as Councillor DeBruijn still has to meet with the Public School Board. The matter was tabled to the next meeting.

Traffic By-Law "St. Albert has a traffic bylaw, maybe one of the best in Alberta" said one of the Councillors. The bylaw received its third and final reading.

Bylaw Protection to Persons and Property This bylaw #11/63 received the first, second and final reading. (Editor's remark: Our citizens should investigate at the town hall, the contents of this bylaw, because it could affect their children. There are some restrictions in the use of BB guns, bows and arrows, eling shots and also firecrackers.)

Meetings, Technical Advisory Committee After suggestions from the Separate and Public School Boards, Council decided that in the future, both school boards can send a representative to the Technical Advisory Committee meetings if the agenda contains discussions regarding school sites. The representatives of the school boards will be there in an advisory capacity. *continued on page 3*

From the Town Brass

Easter Monday Holiday or Not? An interesting discussion took place regarding whether or not Easter Monday should be a holiday for town employees. Three motions were presented but failed to get a majority from the 6 councillors present. Councillor DeBruin suggested this matter be tabled until next meeting in hopes council will have all 7 members present.

During the Press Conference, which is always held after the meeting adjourns, a question was brought up by the press regarding the Recreation Neighbourhood Representatives. Councillor Ed. Powell, representing Council on the Recreation Board, made it quite clear that because of the matter of time, the different neighbourhood representatives were appointed to get things started. If the committees don't agree with their representative, they can elect another during their meetings and then present this to the council. It is to be hoped that this week the different neighbourhood committees will decide definitely regarding this matter.

FIGHT CANCER

WITH A CHECK-UP AND A CHEQUE

PHONE 599 - 6853

On Sunday, March 31, Cancer Control Sunday will be observed by religious leaders of all faiths in many churches in Alberta. "It is to be observed by special prayers devoted to asking Divine Guidance to our scientists and doctors and to offer relief to those suffering from this dread disease", J.C. Brennan, President of Edmonton and District Branch announced.

The Canadian Cancer Society must raise a total of \$3,682,000. for its three-fold programme of research, education

and welfare this year. Alberta's objective has been set at \$400,000. We need more funds than in our history. This is due mainly to the support of research at the University of Alberta Cancer Research Unit (McEachern Laboratory) in Edmonton. The newly completed biochemistry laboratory is one of the finest in Canada and offers new hope for cancer at our own doorstep. We must continue to fight cancer with a check-up and a cheque, but we must never underestimate the precious value of prayer.

The Party Line

We're still miles away in Italy. We hope you enjoyed our brief sojourn in Naples. We've taken 'one giant step' to Northern Italy, more precisely to Trieste the former home of our guest on party line this week: Mrs. Bruno Berson. The first of Mrs. Berson's Trieste favorites is a main dish casserole. This is easy, economical and a delicious change of fare for the family.

Pasta al Prosciutto (Pasta with Ham)

1 lb. lasagna noodles or macaroni
2 eggs
2 tbsp butter
1 lb. cooked ham (cubed)
1 cup cream or evaporated milk
1 tsp salt, 1/2 tsp pepper, 1 tbsp parsley
grated parmesan cheese.

Beat egg yolks and butter. Add parsley, salt and pepper. Mix in cream or milk and cubed ham. Beat egg whites till fluffy and fold in. Cook lasagna noodle or macaroni as pkg directs and add to mixture, stirring lightly. Pour into greased casserole and sprinkle with parmesan cheese. Bake for 45 minutes at 350.

Now, a quick meatless spaghetti sauce. This should brighten up Lenten menus and is sure to remain a family favorite long after Lent has passed.

1 1/2 lb tin solid tuna
4 tbsp olive oil
1/2 cup tomato paste, diluted with
1 cup water
1 clove garlic
1/2 cup parsley

Brown garlic in oil and remove. Break tuna into medium pieces and stir in oil over low heat for 10 minutes. Add tomato paste mixture and parsley. Cook for 15-20 minutes more over low heat. Serve with spaghetti.

POLITICAL RALLY

SUCCEES

FOR ST. ALBERT AND DISTRICT CHAMBER OF COMMERCE

More than 250 St. Albert and District citizens filled the St. Albert Community Hall last night to listen to the Edmonton West candidates of the different political parties running in the coming federal elections. The meeting was sponsored by the St. Albert Chamber of Commerce with assistance from the St. Albert Junior Chamber of Commerce. A compliment to both chambers on having such a brilliant idea as to promote this kind of political rally. Conservatives, Liberals, N.D.P.'s and Social Creditors sat together as old friends, enjoying the interesting speeches of the candidates. Mr. Bill Penrose was in the chair to conduct the political part of this meeting, and Mr. Dick McGee, President of the Chamber of Commerce, was Master of Ceremonies. Bill Penrose' task was not too difficult this night, speakers and audience both followed the general rules obediently (how is this possible in St. Albert?) and this made the evening a great success. It was the first time in St. Albert's history that so many people attended a political meeting.

The Hon. Marcel Lambert, Progressive Conservative, was the first speaker. He pointed out that the Conservative government had brought a tremendous economic increase in Canada, which he proved by numerous statistics. National product went up 8% in 1962, which he called a record. Also production and sales increased as a result of dollar pegging. The future program of the Progressive Conservatives was mentioned by him, including an expanding national agricultural program and further development in the North West Territories.

Mr. John Motyle, N.D.P., was the next speaker, and as all democrat socialist speakers do, he spoke with his heart. He had the close attention of the audience and gave them a comical political note once in awhile, which was very much appreciated. He stressed that 65% of our Canadian national industry economical activities were in the hands of foreigners. We must have our own big Canadian industry. This will create more work and less unemployment, and therefore a healthier future for Canada and Canadians. He repeated that industrial development should come under Canadian ownership.

Mr. Andre Dechene was the Liberal speaker, substituting for J. Harper Prouse, Liberal candidate, who had already committed himself to a meeting in Calder, Edmonton. It was not an easy task for Mr. Dechene to speak for somebody else, however, the audience got a good impression of the political views of the Liberal party. Mr. Dechene saw for this election, the most important issue, to bring back confidence in the government administration, which automatically creates better business and a healthier economical situation in Canada. Mr. Dechene made it quite clear that the political party cannot consist only of a leader who is a dynamic speaker during election campaigns, but that such a party also must have a team consisting of well and highly trained men to do the big job of governing Canada.

Mr. Orvis Kennedy, candidate for Social Credit in Edmonton West, reminded us that we are the finest people and the finest nation in the world. We should be the greatest industrial nation. We have everything for building up a great industry. We are not so much concerned with the political part of this election, but we are more interested in what can be done to solve our problems. Mr. Kennedy's Social Credit ideas come very close to the political ideas of the N.D.P. candidate, Mr. Motyle. "We have to change our economical system and I agree with Mr. Motyle in this wholeheartedly," said Mr. Kennedy. He also promoted the idea, as did Mr. Motyle, that our graduate students should not leave the country, but should find work in Canada in a fast growing industry.

The meeting adjourned at 10:30 p.m. but the political discussions continued in the basement of the Community Hall, where everybody was enjoying coffee and doughnuts.

ALBERTA SCHOOL TRUSTEES ASSOCIATION

The Alberta School Trustees Association comprises many local components. It is divided geographically into zones. Zone No. 2 is situated generally between the Saskatchewan and Athabasca Rivers. Its members are: Edison School Division #12, Lac St. Anne School Division #11, Stony

Plain School Division #23, County of Barrhead #11, School Division of Westlock #37, County of Sturgeon #15, County of Athabasca #12, County of Thorhild #7, Smoky Lake School Division #39, County of St. Paul #19, Lac La Biche School Division #51, Bonnyville School Division

#46 and all the school districts within this area. The executive board of the zone is made up of one elected representative from each school authority within its area and they select a president and vice-president to direct and manage the affairs of the zone. A secretary treasurer is appointed by the executive.

At the last annual meeting of the zone held on February 27 and 28 in the Corona Hotel, Edmonton, Mr. Corbett from Bonnyville School Division #46 was re-elected as President, with Mr. Leonard from Edison School Division #12 re-elected as Vice-President. Chris McDonell, of St. Albert School District #3 has been appointed to the position of Secretary-Treasurer.

This body meets periodically during the year to consider the many items of mutual interest, and to formulate policies which will enable the various boards and school committees to better administer the educational problems confronted. It is edifying to notice that St. Albert is recognized as an important link in this organization and it will most certainly reflect advantage to the educational program of our community through this close contact with the parent association.

Having Mr. Chris McDonell, Secretary-Treasurer of the Public School Board appointed as Secretary-Treasurer of the Association, puts St. Albert right in the spotlight, and is a great honour for our town.

HOME AND SCHOOL ASSOCIATION

G. Chrystall, Programme Chairman.

The regular monthly meeting took place last Wednesday.

One of the association's projects for the season is the sponsoring of a first aid course. Through the co-operation of Mr. Ford of the St. John's Ambulance Association, who incidentally is a St. Albert resident, a film on First Aid was shown at the meeting. Enrolments for the course were taken and dates and times of classes finalized.

The desirability of having a knowledge of first aid need hardly be emphasized. The little time sacrificed may mean the difference between life and death to one of your own family. The course offered is the official St. John First Aid to the Injured one and a certificate will be awarded upon successful completion. Such subjects as artificial respiration, bandaging, etc are covered.

The course is open to all residents of St. Albert, irrespective of whether or not they are members of the Home and School Association.

The Association would take this opportunity to thank Mr. Ford, Mr. Armstrong and the Board for their help and co-operation.

Here is a birds-eye view of some of the 400 to 500 children who attend the Friday night shows at the Sir Alexander Mackenzie School. The Home and School Association sponsors these movies every Friday night, except during July and August.

CHILDREN'S THEATRE

The Children's Theatre, which shows movies at the Sir Alexander Mackenzie School every Friday night, was originally started in February 1962, to build a fund for scholarships. Since that time, it has amassed a fund of approximately \$1,600. to \$2,000.

This fund has enabled the Home and School Association to sponsor Elmer, the Safety

Elephant Campaign for all St. Albert students. They are also giving a donation of \$1.00 to the Scouts and Cubs, Lions Club and WDA in return for four weeks of supervision each during the shows.

These movies provide entertainment for 400 to 500 children a week. The candy concession which sells only 3¢ candy, takes in approximately \$250. per month. The Students Union and the Arts and

Scouts Auxiliary take turns being in charge of the candy concession, and in this way earn money for their organizations.

The Home and School Association plans to use some of their funds to help the Separate School Board with the school library, which is badly in need of books and supplies.

The movie for this week is that famous children's classic, Huckleberry Finn.

----- GOOD NEWS FOR YOU -----

Dear Friends and Patrons,

For four years now, the Manager and Staff of Belley Building Supplies and Hardware, have served the Community of St. Albert. Have you had the opportunity to benefit from the service devotion they bring to their work? To - O - A - Y, after 4 years of progress and trial experiments to discover better ways to serve the public, Belley Building Supplies and Hardware have evolved new services to serve you.

A BUDGET AND CREDIT PLAN

has been developed to give every household budget an honest chance to buy whatever the household may need, or to improve a house, a garage, or even a lot. (Did you know that we dig potholes mechanically at no extra cost, for those who buy fence and fence posts at our store?). Since our opening in the spring of 1959, we have had various tools that we rent for those jobs where buying the tools would be of no profit to the householder or to the contractor. Lawn Rollers, Lawn Seeders, Wheelbarrows, Portable Saws, Hand Drills, Tackers and many more. Since this service has proved fairly popular with our patrons, we are now proud to announce a.....

FULL LINE OF TOOLS FOR RENT TO OUR PATRONS

Lastly, may we call your attention to our stock of Hardware and Building Supplies. What we do not stock however, we can usually deliver after a one day waiting period, unless none can be found in Edmonton. So, if you have waited till Spring to start those household changes or repairs, or if you wish to build a fence, or insulate your garage, or build that rumous room that would have come in so handy during the winter, come and see us. We will much obliged to discuss business with you. Meanwhile, if you just want to drop by our Store and have a look at our stock.

BRING THIS LETTER WITH YOU. AND IT WILL BE WORTH
